Results of WH's
Seifertova street – in Prague 3
Courtyard Braník - in Prague 4

Seifertova Street

Aims to test the joint management of the “Seifertova and surroundings” site approach

Project originally focused on new tram rails

- Old part of the city
- High transport pressure
- Long street running downhill
- Dark, paved areas
- Old tram rails
- Lack of capacity to catch rain water
- Poor public space and barriers
- Lack of trees/greenery
- UHI...

Feedback of WH - Seifertova Street

Feedback on the WH

- Great participation of different stakeholders with a moderator
- Project manager would personally add this WH into every projects
- Invite everyone
- Use it as a promotion tool and share awareness

Findings from the WH

- Integrate the whole district, instead of just one street
- Focus on rain water management

Results of the WH

- Before X-Mas 20, should be announced a Study on rain water management of the water catchment area.
- Around FEB/MAR 21 should be announced a Study on reconstruction of Seifertova street. Architects managing ground floor...

BIENO - Courtyard

This project aims to turn courtyards into more liveable and sustainable spaces

Description of project

- Association BIENO
- Community engagement projects, social inclusion
- Good contact with **City District Prague 4**

Braník courtyard - the furthest along

- About the courtyard:
 - 1300 m²
 - Four buildings
 - Green area
 - A bit abandoned/wild

Photo: www.vnitrobloky.cz

Feedback from BIENO - Courtyard

Barriers after the workshops

- Connection to follow activities (events, implementation of the project)
- Lack of information about funds
- Motivation to complete the project
- Who will be dealing with more technically demanding measures

Feedback from BIENO - Courtyard

Benefits of Workshops

- „Easy“ to bring diverse group together
- Ownership and responsibility for own neighbourhood
- Somebody is interested in our courtyard --- >
- Motivation to change

- Emphasized usage of **blue-green infrastructure**
- Helped a lot to integrate NBS into the project

Thank you for your attention 😊

Any questions?
